**POSITION:** Vice President, Legal

**REPORTS TO:** General Counsel

**SALARY:** Competitive salary, including eligibility for incentive compensation of up to up to 25% of base salary based on corporate financial performance and individual goal achievement and long-term incentive pool share of business results per conventional private equity approach.

**SUMMARY:** Recycled Energy Development (RED) is a privately owned energy company committed to reducing industrial energy consumption. **RED's mission is to profitably reduce greenhouse gas emissions through the development and operation of industrial energy recycling plants.**

Reporting directly to the General Counsel, the Vice President, Legal will provide comprehensive legal support to the Company's business units. Responsibilities will include: drafting, reviewing and negotiating energy/power purchase contracts; contracts for the development, construction and operation of power generation projects; merger and acquisition and general corporate/commercial transactions; and day to day legal advice to management on various legal matters.

**DUTIES AND RESPONSIBILITIES:**

- Provide legal support to Senior Management and various operating sections of the Company
- Draft and negotiate Joint Operating Agreements, Purchase and Sale Agreements, Energy Supply Agreements, Engineering Services Agreements, EPC Agreements, Ground Leases and various corporate/commercial agreements
- Draft and negotiate amendments to existing contracts
- Address general corporate/commercial legal matters as requested
- Research regulatory, governmental and administrative law issues

**POSITION REQUIREMENTS:**

- JD and bar admission in Illinois
- 5 + years of corporate/commercial experience in the energy/power industry or industrial experience
- Thorough understanding of complex procurement, engineering, and construction contracts with demonstrated experience drafting and negotiating the same
- Familiarity with federal, state and local regulatory agencies that have jurisdiction over independent power producers (IPP) in the US
- Ability to manage various legal assignments without day-to-day supervision
- Excellent oral & written communication skills
- Ability to work well in teams
- Passion for energy efficiency
- Residence in Chicago area required (relocation packages available)
